FIRST REPORT MADE ON ASSESSMENTS

Personal Property, Live Stock And
Automobiles Are 25 Percent Low-
er Than Last Year

IS NORMAL THIS YEAR

Merchants And Corporations Are
Provided With Blanks Given Out
by County Assessor

Reports obtained from several of
the assessing units in Rush coun-
ty, reveals that the assessed value
of personal property is about 25 per
cent below the assessed value of
last year, according to Earl Priest,
county assessor.

Mr. Priest stated that this
amount is in keeping with the ap-
praisal value this year, and that
the assessment work is as near nor-
mal as could be expected.

Of the 14 units in the county, in-
cluding Carthage and Rushville, the
average assessed value on household
goods this year is \$197, while auto-
mobiles are averaging \$362, from
the units in which a report has been
made.

Farming implements are averag-
ing \$200 in 12 units, which exclude
Rushville and Carthage, while on
horses the average so far is \$97,
from the units excepting Rushville.

In 12 units assessed so far, hogs
have averaged \$12, while cattle have
showed an average of \$38 in all un-
its except Rushville, where there are
a few cows located within the cor-
poration limits that have not been
assessed.

As far as the assessing has pro-
gressed sheep have averaged only
\$4.50 a head.

Mr. Priest has completed a dis-
tribution of supplementary report
blanks to Rushville merchants and
corporations in Rushville. Of the
latter there are 16 corporations in
the city, which received the blanks
to be filled out.

The reports, however, are being
returned very slowly and only a
week and a half remains within
which two of the blanks must be re-
turned to the county auditor.

The second reports from the
township assessors were sent to
County assessor Priest Saturday
and Monday, and he will not be re-
quired to report to the state tax
board until Monday March 28. He
sent the last report on the county
a week ago last Monday, and the
fact that the tax board has found
no complaint with the reports leads
the county officials to believe that
Rush county assessment records
have been satisfactory.

HEART ATTACK FATAL FOR "WATT" BARTLETT

Pioneer Drayman of Rushville Dies
Suddenly Monday Afternoon at
Four O'clock

IN BUSINESS 25 YEARS

Walter F. Bartlett, a pioneer
drayman, and well known resident
of this city, died suddenly yesterday
afternoon at his residence 619 West
Eleventh street, death being caused
from organic heart trouble. "Watt",
as he was familiarly known, was
first stricken yesterday morning
about eleven o'clock, but recovered,
and suffered the fatal attack about
four o'clock.

Mr. Bartlett was probably the
oldest drayman in Rushville and had
been in that business here for the
past 25 years. He was 69 years old
at the time of his death, and on
Monday operated his dray line in
the morning as usual.

The deceased is survived by a
widow and three children, who are
Mrs. John Boren and Charley of
Rushville and Mrs. Elmer Pea of In-
dianapolis. He also was a member
of the Red Men's lodge, who will
have charge of the funeral services.

The funeral will be conducted at
the late residence Thursday after-
noon at two o'clock, by the Rev. L.
E. Brown, and interment will be in
East Hill cemetery.

NRS. JERRY LAUGHLIN DIES

Sister-in-law of Mrs. Ed Crosby
Expires at Elwood

Word has been received here of
the death of Mrs. Jerry Laughlin, of
Elwood, which occurred yesterday,
following a long illness of a complica-
tion of diseases. The deceased was
about 66 years of age and was a
sister-in-law of Mrs. Ed Crosby of
this city. She is survived by her hus-
band and two sons, Julius and Fer-
ris, both of whom reside in Elwood.
The funeral services will be con-
ducted Wednesday at the residence and
burial will take place there.

DATES FOR FOUR SESSIONS FIXED

State Board of Tax Commissioners
Announces Time For Hearing of
Taxpayers

ALSO TO TAKE UP APPEALS

Third Session, July 18 to August 15,
For Purpose of Taking up Local
Remonstrances

Indianapolis, Ind., Mar. 22.—Noti-
ces were sent out today by the
State Tax Board of the dates of its
four sessions to hear taxpayers on
original assessments to be made by
the Board and on appeals from as-
sessments and tax levies made by
local officials. State tax levies will
be fixed in September, at the last
session of the Board.

The date for the sessions follow:
First session—April 4 to May 23,
both inclusive; original assessments
by the Board of stock of financial
institutions, common carriers, public
utilities, etc.

Second session—July 5 to July
16, both inclusive; review of First
session assessments, and fix time
for equalization of assessments by
counties.

Third session—July 18 to August
15, both inclusive; appeals from as-
sessments made by county boards
of review.

Fourth session—September 19 to
December 10, both inclusive; ap-
peals from tax levies of local offi-
cials; state levies to be determined.

To expedite work at the first ses-
sion, the board set dates for hear-
ings relative to different classes of
property as follows:

Telephone companies, April 5, 6,
7, 8, 11 and 12.

Express, Telegraph, Sleeping Car,
Transportation and Pipe Line Com-
panies, April 13, 14, and 15.

Banks Trust Companies, Mortgage
Guaranty Companies, Building and
Loan Associations and Public Utili-
ties, April 18, 19, 20, 21 and 22.

Electric Street and Interurban
roads, April 25, 26, 27, 28, and 29.

Steam railroads, May 3, 4, 5, 6,
and 7.

Before adjourning the first session
the board will designate the man-
ner parties desiring to be reheard as
to assessments, may apply for relief.
All statements regarding the value
and conditions of property, assessed
by the Board, must be presented at
the first session. Sessions will be
held at Rooms 231 and 233 in the
Statehouse, beginning at 10:00 a. m.
The first session will continue for
fifty days, ending May 23, and will
be devoted to considering the state-
ments and determining the assess-
ments of the various corporations.
In its notices the Board says all in-
terested parties may present their
statements supported by such facts
as may be pertinent to the question
of valuation. Written statements
and briefs the notices add are pre-
ferred to oral statements.

The second session limited to
twelve days, July 5 to 16 will be de-
voted to the hearing of applications
for revision or change of assess-
ments made at the first session and
the Board also determined when it
will consider the equalization of as-
sessments by counties.

The third session, set for July 18
to August 15, may be continued by
the Board for not more than ten
days. This session will be devoted to
the hearing of appeals from county
boards of review taken by taxpay-
ers dissatisfied with the action of

REFUSES TOPAY 1 BILLION MARKS

Germany's Reply For Payment of
One Billion Marks in Gold. Will
Be in the Negative

IS PART OF REPARATIONS

Country Has Until April First to
Submit Proposal to Pay Bal-
ance Otherwise Than Gold

Berlin, Mar. 22.—Germany's reply
to the demand of the entente, for
the payment before March 23 of 1-
000,000,000 marks, gold, to apply on
reparations obligations will be in
the negative, it has been unofficially
announced here.

The German government's reply to
the allies, now being drafted, will
be presented within forty-eight
hours, as the time limit set expires
Wednesday.

Germany has until April 1 to sub-
mit a proposal to pay the balance
of the 20,000,000,000 marks other-
wise than in money, having the priv-
ilege to bring forward a plan for a
foreign loan, the proceeds of which
should be payable to the commis-
sion.

It was announced by the commis-
sion, however, that Germany had
virtually refused to pay the balance
asserting the 20,000,000,000 marks
had already been paid in full. The
allied representatives said the
greatest sum they could compute as
having been paid by Germany
against this account would hardly
reach 800,000,000 marks by May 1.
It is therefore, the first payment of
1,000,000,000 marks and a balance
of at least 11,000,000,000 marks
that the allies are demanding of
the German government.

Washington, March 22.—Foreign
affairs occupied the major atten-
tion of President Harding and his
cabinet at the meeting today. Sec-
retary of State Hughes today laid
before the cabinet a general survey
of the foreign relations of the United
States. He made no recommenda-
tions regarding the property, it was
said.

The discussion it was understood
included reference to the questions
surrounding the forthcoming visit of
Rene Viviani former premier of
France.

The allied debt situation also fig-
ured in the discussion although
nothing definite was done on this
point. If there was any discussion
of the league of nations and Ver-
sailles treaty no information of it
was given following the cabinet
meeting, but it is likely that these
questions came before the cabinet.

APPOINTMENTS MADE

Washington, Mar. 22.—The follow-
ing official appointments were
sent to the White House today. J. J.
Esch, Wisconsin, to be a member of
the interstate commerce committee.
D. L. Davis, of St. Louis, to be di-
rector of the war finance corpora-
tion.

ANOTHER LAND MARK RAZED

Brick Building on West Third Street
80 Years Old, Is Torn Down

Another Rushville land mark was
being razed today, when the brick
dwelling at 330 West Third street
was being torn down by Walter
Perkins, to make way for a more
modern building. The brick struc-
ture is thought to be over 80 years
old, and is among the pioneer houses
in Rushville. Many aged people in
Rushville today were trying to re-
call when the house was built, but
no one seemed to remember except
that it was here 80 years ago. The
property was purchased by Mr. Per-
kins and when torn down, there will
be room on the lot for two houses.

This is the second land mark now
being razed in Rushville, the other
property being owned by Dr. Frank
H. Green, which is known as the
Moffitt homestead, corner of Third
and Perkins street, and which is
equally as old in years.

STATE HAS MILES IMPROVED ROADS

Highway Commission Reports That
There Are 35,000 Miles of
Improved Highways

60,000 MILES ARE UNIMPROVED

Plans Total 225 Miles For Improve-
ment on Roads This Year—
How The Money is Spent

(By United Press)

Indianapolis, Ind., Mar. 22.—Indi-
ana now has approximately 35,000
miles of improved roads and 60,000
miles of unimproved roads, the
books of the state highway commis-
sion showed today. The improved
roads include gravel, brick, re-en-
forced concrete and macadam high-
ways.

In the next year Indiana will add
approximately 225 miles to the im-
proved roads which she already has.
This year the commission intends to
award contracts for 25 miles of
roadway, and the highways now un-
der construction will make the ad-
ditional 100 miles.

Five million dollars is now being
held by the state highway commis-
sion and is to be used on the con-
struction of highways. This amount
will be increased according to the
plans of the state for next year. It
is understood that the state board of
tax commissioners will raise the
present levy of 3.9 cents to a higher
amount. Although the legislature did
not do this the new amendments to
the state tax law would allow the
governor, auditor of state, and the
state tax board to fix any levy.

The highway commission with the
aid of the federal Highway commis-
sion completed the following:

Material	Miles	Cost
Bituminous con- crete pavement	4,684	\$187,276.98
Concrete pave- ment	8,826	303,702.49

Total	13,610	\$490,979.47
-------	--------	--------------

The county aid projects completed
were:

Material	Miles	Cost
Brick pavement	2,39	\$118,887.00
Concrete	3,87	133,084.95
Re-enforced con- crete	2,44	64,300.00
Bituminous concrete	1,36	49,195.00
2 course concrete	2,66	94,180.29

Total	12,72	\$459,646.24
-------	-------	--------------

Bridges completed with the aid of
the federal government were nine
structures, 17 span, 571 feet, and
a total cost of \$66,851.30.

"The building of new highways is
to start most any time now" said G.
R. Harr, assistant chief engineer of
the Highway commission. "The con-
tractors are a little afraid to start
this month because we are not al-
ways sure what kind of weather the
month of March will bring.

"I believe we will be forced to wait
until about the first of April with
the major portion of our building
and then we will do some fast
work."

"It was not learned officially whether
the commission intends to let
any contracts in the near future,
although it is the general belief
among employees that some will be
let soon.

2 CHILDREN ESCAPE INJURY

Janet Mauzy and Jane Griesser are
Pinned Underneath Heavy Hamper

Janet Mauzy and Jane Griesser,
two girls about five years old, and
daughters of Mr. and Mrs. Hugh
Mauzy and Mr. and Mrs. George
Griesser, respectively, met with an
accident yesterday afternoon at the
Mauzy residence in North Perkins
street, which is considered fortunate
that both of them escaped
without serious injury. The two lit-
tle girls in some manner, pulled over
a large, heavy clothes press, which
fell upon them, and a glass which
encased the front, crashed as it fell
and pinned the children underneath.
Janet Mauzy received a cut on one
of her hands, which was the only
injury claim that the national
fire door been solid wood, the chil-
dren would have been crushed un-
derneath.

ENTERTAINMENT A SECRET

Features for Knights Templar An-
nual Event Kept Secret

Members of Rushville commandry
No. 49, Knights Templar, will hold
the annual entertainment for their
wives and lady friends at the Ma-
sonic Temple Wednesday evening.
This is a social event of some im-
portance that is looked forward to
each year with great anticipation.

A turkey banquet will be served
at seven o'clock and indications that
there will be approximately one hun-
dred and fifty present. The nature
of the entertainment will not be di-
vulged until after the banquet.

SPRING ACTIVITY GETS UNDER WAY

With Season For Cleaning up Here,
According to Calendar, Peo-
ple Get Busy

HOME GARDENING STARTS

Indications Point to Unusual
Amount of Repairing and
Painting Next Few Weeks

With spring having made its ad-
vent, according to the calendar, se-
asonal activities are well under way.
While it's true that the weather man
was not in harmony with the com-
ing of spring, he was very kind last
week in providing the brand which
enabled the home gardener to get
busy.

In every part of the city residents
are devoting attention to outside
work and early gardens are already
appearing. Much repair work is also
being done. The inevitable spring
house cleaning has been started in
some homes and this seasonable
occupation always means work so
that the lawns and surroundings will
be in keeping with the interior of
the homes.

There are indications that there
will be an exceptionally large amount
of painting done this spring. Paint-
ers say that they already have work
contracted for weeks in advance and
that each day additional inquiries
are made as to when they can take
on additional work. The painting
campaign is general throughout the
city. Many store buildings are being
brightened up and quite a few resi-
dences are being painted.

Repair work and remodeling will
also be quite general this year, ac-
cording to present indications. Dur-
ing the period of the war improve-
ments of this character were post-
poned because of the scarcity of la-
bor and the high cost of materials.
The labor situation is easing up and
there has been a decided drop in
practically all materials. Dealers
say that they do not look for fur-
ther declines and in some lines the
price will be higher when the final
adjustment is made, they believe.

Dealers in seeds and garden im-
plements have been busy during the
last few days. While there is little
national propaganda in favor of
home gardens this year, many resi-
dents who made garden during the
war period have learned the ad-
vantages and intend to grow such
small vegetables as the back yard
plots will permit.

Some fruit trees are in blossom.
Orchardists express the fear that
fruit is too far advanced for the
time of the year and it will be nip-
ped or possibly killed by cold weath-
er. While most people do not look
for much cold weather from now on
they believe that possibly freezing
temperatures may come late in the
month or even during the first part
of April.

In a few weeks the city authori-
ties are expected to set aside a
week for the annual clean-up. This
is a regular custom here which has
resulted in the city being thoroughly
renovated every spring. The city
wagons haul away the accumula-
tions of the winter when property
owners gather up the debris about
their premises and leave it in boxes
and barrels in the alleys.

2 DIVORCES ARE GRANTED TODAY

Louise Walker Divorced From John
Walker and Ethel Rodgers From
Frank Rodgers

SEVERAL MINOR CASES

Two Suits Are Dismissed in Court
Today—Grand Jury Likely to
Convene This Week

Today was divorce day in the cir-
cuit court, when two divorces were
granted by Judge Sparks, the plain-
tiffs in each case being the wives.
Several other minor matters were
taken up in the court this morning
without the services of the jury.

Louise Walker, 830 west Eighth
street was granted a divorce upon
payment of the costs, from John
Walker, and her maiden name of
Humbard was restored.

The plaintiff told the court that
she was 31 years old and that her
husband was 61, and that she was
married when 20 years old at Green-
wood, Tenn., moving to Rushville in
1918. She stated that he was em-
ployed as a timber cutter, and had
abandoned her last November.

Ethel Rodgers also was granted
a divorce today from Frank Rodgers
upon payment of the costs. The
case was heard in the court on
March 12, at which time the evi-
dence was taken under advisement,
and the decision rendered today.

In another divorce case pending,
which was filed by Morton Gordon
against Minnie Gordon, the plaintiff
has filed an amended complaint, in
which he charges the defendant with
further reasons for divorce action.

A case filed recently by Oliver N.
Brown against William H. Alsmann,
a suit to quiet title, was dismissed
this morning in the court, upon mo-
tion and payment of the costs by
the plaintiff.

An appeal from the justice of
peace court, in which Squire Stech
presides, in the case of Mary E.
Locke against William Campbell, a
suit for possession, was also dis-
missed this morning by the defend-
ant, who had appealed the case, af-
ter having received judgment against
him in the justice of peace court.

It also is expected that the grand
jury will convene again the latter
part of this week, at which time
several matters will come before the
investigators. If the grand jury does
not meet this week, it will probably
be called early next week.

There still remains a few indict-
ments to be served, as returned in
the 14 indictments about two weeks
ago. It is said that the people in-
dicted do not live in Rush county,
which is the cause of the delay in
making the arrests.

NOTHING IS NEW IN THE ATWOOD MURDER

Prosecution and Virgil Decker Are
Silent and Case is Ready For
Grand Jury

WILL MEET ON THURSDAY

(By United Press)

Warsaw, Ind., Mar. 22.—Both the
prosecution and defendants in the
Atwood murder mystery kept their
silence today and "sawed wood."

Virgil Decker, 18, confessed slay-
er of Leroy Lovett, his chum, re-
fused to talk further on the advice
of his attorney and Prosecutor
Graham continued to gather evi-
dence for the special grand jury
which meets Thursday to investi-
gate the murder.

Sheriff Moon and detectives work-
ing on the case characterized as ri-
diculous the statement that young
Decker made to his attorney Buhler,
repudiating his signed confession.

Buhler said his client confessed
the crime when the detectives prom-
ised him leniency in his sentence of
only two years, and would have
work similar to that received in the
army.

Buhler had a signed statement
from the youth to bear this out.

HOGS DECLINE 50 CTS ON MARKET TODAY

Bulk of Sales Range From \$10.75 to \$11.25 With Receipts 1500 More Than Yesterday

LITTLE CHANGE IN GRAIN

Hogs declined 50 cents today on the market at Indianapolis, with receipts 1500 higher than yesterday, the supply today being quoted at 6,000. The bulk of sales ranged from \$10.75 to \$11.25.

Corn was the only grain prices that changed, which dropped off a cent on different qualities.

RELIEF LEGISLATION URGED FOR FARMERS

When Special Session Opens Three Organized Groups of Farmers Will Besiege Congress

WANT PROMISES MADE GOOD

(By United Press)
Washington, D. C., Mar. 22.—A drive upon congress in the interest of the farm relief legislation will be started coincident with the opening of the special session on April 11, it was learned here today.

On that date delegates from all states will come here for an executive meeting of the American farm bureau federation, representing nearly one and one half million farmers. A week later representatives of the national farm union and national milk producers association will gather here.

Delegations of all three of these organizations will urge upon congress that the promise for relief be transformed into action.

The farmers demand will include a tariff embargo on dairy products, hides and wool. Farmers, according to reports, are losing hope that the tariff relief will fail and that the emergency tariff legislation will be held in congress.

The campaign of the farmers is one angle of the tariff and revenue situation. A second angle is present in congress where the house ways and means committee will present the tariff program tentatively approved by President Harding. This program is a farm victory. This program is was said will encounter Democrat and probably some Republican opposition, which will cause some doubt as to whether it can be carried out.

* MARRIAGE NO LONGER *
* A GAME OF LOVE *

Houston, Tex., Mar. 22.—Marriage is a business now—not a love game.

That's the observation of Don Kennedy, marriage license clerk, in Houston.

"Girls around 20 know a boy of 21 can't support them," said Kennedy. "So they're looking about for older men—men who have established themselves and who can provide homes and luxuries."

Ages of contracting couples have changed in the last year or so according to Kennedy.

"Girls of 18 or 19 years used to marry boys of about that age—or 24 maybe," he said. "Now the women are picking older men."

His license record for the last two months showed the women average at marriage 21 years, while the men average 36 years.

And there aren't any blushing brides or stammering bridegrooms anymore, according to Kennedy. "Now they breeze in as if they were ordering coffee and order a license without batting an eye," the clerk said.

RENEWS ATTACKS ON NATIONAL AGREEMENTS

Specific Rules of National Agreement Comes up Again Today Before Railroad Labor Board

HAS CAUSED 175 DISPUTES

Chicago, Ill., Mar. 22.—Specific rules of national agreement was subject to renewed attacks by W. W. Atterbury, vice president of the Pennsylvania railroad before the United States railroad labor board today.

Attorney Frank P. Walsh, representing the rail union, obtained some confession from Atterbury but in the main the witness stuck to his statement that the agreements are restrictive to production in every way.

The hearing developed that there are about 175 cases of disputes arising from the national agreements.

Union leaders used this statement in an effort to disapprove Atterbury's claim that the national agreement because of the difficulty of interpretation will bring about continued differences between the employers and employees.

Questioned by Walsh, Atterbury admitted the right of the rail unions to select representatives to deal with the companies. But I hold, declared Atterbury, that the representatives of the majority do not have the right to act for the minority if the minority does not want to be represented by them.

AMERICAN BUSINESS GETS PLACE IN CHINA

This Country Will be Put on Equal Footing With Britain and Japan For Business

BILL REPORTED FAVORABLY

Washington, Mar. 22.—Representative Dyer, of Missouri, has reported favorably from the Committee on Judiciary a bill designed to place American business on a footing with British and Japanese interests in China. In his report he says,

"China occupies a stretch of territory one-sixth larger than continental United States. The population is four times as large as our population and her climatic condi-

tion and natural resources are quite similar to ours. For years through the work of our missionaries and educators and the operation of our 'open-door' policy we have been

building up a great asset of goodwill toward America on the part of the Chinese people. They know that America has no designs on their territory and that the close commer-

cial relations of the two Republics will do much to strengthen China and enable her to more successfully cope with aggressors who do have designs on her territory.

Easter Fashions

Sounding a New Price Note

With Easter coming several weeks in advance this season, Fashion authorities had to speed up their efforts so as to have an ample showing of correct modes for Easter wearing. And how wonderfully they have succeeded is best told in the gathering of superior styles you will find at this store.

The new materials show some of the best

achievements of American and foreign producers. There are sheer airy fabrics, marvelous in their printings. There are ginghams sturdy and fine. There are silks of wonderful quality and beauty and other fabrics that show a great advance in artistry of designing and weaving. Our stocks give pleasing and helpful evidence of the close pricing which is the basis of our business.

STORE EDITORIAL

During the Spring buying season, we want you to become acquainted with us, the new Spring stocks, the splendid and unusual values obtainable and THE STORE.

We want you to learn that here is a store doing business, day in and day out, in a true business way, following a broad and modern track of merchandise and with which it hopes, with the aid of its old and newly acquired friends to continue building upon its reputation of being "the Store of Certain Satisfaction."

J. W. HOGSETT.
G. Y. HOGSETT.

Take ample time to look at the beautiful Spring stocks of new, crisp and interesting merchandise—when you come to visit the store it is only natural that you will become so engrossed as to lose sight of time. So plan in advance not to hurry—and you will find twice as much pleasure in looking around.

With Easter Sunday just a few days ahead the importance of immediate choosing can not be ever emphasized.

We are offering the following materials for your new Easter wardrobe :

Bridge Silk	Organdies	Voiles	Tissues
Sport Silks	Silk Foulards	Crepe de chine	
Silk Jersey Cloth	Canton Crepe	Georgette Crepe	

China Silk	Taffeta Silk	Shantung	Satin Taffeta	Gingham

TO SHOW PILGRIMAGE OF K. OF C.'S TO METZ

Four Reels of Moving Pictures at
Graham Annex March 31 to Pic-
ture Battle Fields

FATHER LYONS IN PARTY

Tickets will be placed on sale soon for the moving picture show depicting the Knights of Columbus pilgrimage to Metz, which will be given the auspices of the local Knights of Columbus at the Graham Annex auditorium Thursday evening, March 31, at eight o'clock. Tickets may be had at the Hardware store, Mullins and Taylor or the O. P. C. H. The admission fee will be enough barely to meet the expenses of the attraction.

Special interest attaches to the four reels of pictures showing the Knights of Columbus delegation in Europe, because the Rev. M. W. Lyons of Irvington, formerly pastor of St. Mary's Catholic church of this city, was a member of the party. The occasion for the pilgrimage was the dedication of a statue of Lafayette by the Knights of Columbus at Metz.

The pictures show the delegation leaving New York on the giant liner Leviathan, depict their landing and visit to the principal battlefield of

WILL APPEAR AT GLENWOOD

Bob White Concert Co. of This City
To Give Entertainment

The Bob White Concert company of this city will give a concert at the new M. E. church in Glenwood Friday evening, March 25, at 8 p. m.

The concert company is composed of the following local talent: Paul Spivey, manager and whistler; Miss Lavinia Compton, reader; Miss Brande Kinsinger, pianist; Miss Magdalene Arbuckle, soloist; and Wallace Beher, saxophone.

The entertainment should be a good attraction as all the members of the company have appeared in concerts and other entertainments in this city, and have gained good reputations as being novel entertainers.

Europe. Views of the unveiling of the statue are shown, and scenes in Switzerland and Italy where the Americans Knights visited. The reception of the delegation by the Pope in the Vatican gardens is also a feature of the four reels. From Rome the trip leads through northern Italy, showing Nice, the famous health resort, and Monte Carlo. There will also be five reels showing Knights of Columbus war activities both at the front and in the camps.

WAR IS BREWING IN THE FAR EAST

Japan and Red Russia are at Each
Other's Throat Final Clash Ex-
pected at any Time

RUSSIA PLANS THE ATTACK

Chita Government Received Word
From Moscow to Take Aggressive
Stand Against Japan

By CHARLES EDWARD HOGUE
(U. P. Staff Correspondent)

Harbin, Manchuria, (By Mail)—War is brewing in the Far East—and it may be without grave import in the United States.

Of course wars of a certain kind are novel out here, but the impending conflict promises to go far beyond the less serious affairs the East has come to call war and which have kept Siberia, Manchuria and China in a constant turmoil for years.

Japan and Red Russia are at each other's throat. The final clash may come at any moment. Again, it may be avoided—sincere patriots in each country are doing their utmost to prevent another Russo Japanese war. But the outlook is not bright. The first signs of Spring will undoubtedly see a development, one way or the other, in the problem.

General Takayanagi, Japanese chief of staff in Siberia, has admitted the gravity of the situation. He said in an interview that he had heard of plans in Soviet Russia for an attack on the Japanese, but that he did not wish to consider them as authorized. But he added: "Japan is ready."

It is known that the Chita government has reached tw—elfthad ment has received word from Moscow to take a more aggressive stand against Japan and China. Three reasons for this order are apparent.

1—Closing of the Manchurian border has been a severe blow to the Soviet.

2—Conditions in Red Russia make the re-opening of trade relations with other Eastern nations of vital importance.

3—Leaders of the Soviet fear the dissolution of the Red army, unless it can be employed in another war.

There are reports, how true they are can only be speculated on, that a union is being formed between Itaman Semonoff Chang Tos-lin, who is probably China's strongest militarist, and the Japanese High command at Mukden. If these stories are correct a concerted drive against the Reds in Siberia may begin early this spring. Reports have it that Chang Tso-lin has agreed to restore to the Semenoff and Kappel armies the arms and ammunition which was taken from them when they were driven across the Manchurian border by the then victorious Reds.

In the meantime comparative peace reigns in China. The Southern faction is holding a session of parliament at Canton while the Chinites, who deposed the Anfu military party at Peking, continue their reign in the North. Both have inactive armies in the field. The only battles being fought are skirmishes between roving guerilla bands.

BANK PRESIDENTS RESIGN

(By United Press)

New York, Mar. 22—James A. Stillman today tendered his resignation as president of the National City Bank. However the board unanimously refused to accept the resignation. In the request made of the board Stillman's resignation was tendered to take effect immediately.

Rumors that Stillman would resign had been in circulation since it was known that he and his wife were suing each other for divorce. It was stated whether he would insist upon his resignation being accepted.

Opportunity of the Century

The new congress comes into life
facing one of the greatest opportu-
nities of modern times.

Its action will be watched with in-
terest by millions of people.

One of the worst evils with which
this country is afflicted is the con-
stant and flagrant abuse of board of
trade privileges by certain piratical
speculators who are enriching them-
selves at the expense of the produc-
ing and consuming public.

Boards of trade may be a modern
necessity, but nullifying the law of
supply and demand is not necessary
and should be prohibited by the iron
hand of the government.

A combination of plutocratic spec-
ulators can hammer down or
boost to the skies the price of wheat
corn or any other commodity at will.
They clean up millions on their
deals, but these profits are not
shared in by either the producer or
the consumer.

It is purely a juggling of the mar-
kets by individuals who have the
power to do so, and solely for their
own personal gain.

If we have no law elastic enough
to strangle these leeches one should
be enacted and rigidly enforced.

If the law of supply and demand
is allowed to determine the value of
stocks and commodities there can
be no valid objection to the price
they bring, and they will always
command what they are worth.

Any price beyond this is robbery
of the many for the benefit of a few
And robbery is robbery no matter
in what guise we find it.

No congress as yet has had the
courage to meet this supreme issue.

Will the new one go into history
as greater than its predecessors, or
will it content itself with sidestep-
ping the golden opportunity of the
century?

Supply and demand!
What a wonderful treat it would
be to see it again firmly seated in
the saddle!

Debating Opportunity

Should the United States open
trade relations with Russia?

Should we give employment to our
people by supplying the Russians
with the goods they need in such
enormous quantities, and for which
they are ready to pay in gold.

The Russian government is bol-
shevistic, in which we of America
do not believe.

But we are not the Russian peo-
ple, and it is not our business to

dictate the form of government un-
der which they shall live. We may
question their methods, but the prin-
ciple of non-interference remains
the same.

Business today is not idealistic.
It is keen and competitive instead,
and the fellow who applies Utopian
dreams to his commercial activi-
ties will soon cease to have any-
thing but dreams.

If a man of questionable charac-
ter should walk into a local store
and ask for a suit of clothes the
merchant would promptly sell them
to him, and we would think no less
of the merchant for doing so.

We may not think much of the
Russian form of government, but our
goods are manufactured to sell,
and if we are going to apply the ac-
id test to every individual before he
is allowed to purchase them we fear
these same goods will soon become
a drug in our own market.

Cutting off our nose to spite our
face will not improve either our
personal appearance or our econo-
mic condition.

We should sell to Russia or any
other country which has the gold
with which to pay for what they
get. It is possible that Russia might
not be able to meet its debts. Secre-
tary of Commerce Hoover said yester-
day that trade relations could not
be resumed with Russia, in his opin-
ion, until the bolshevik government
was overthrown. He does not hold
this belief simply because of his
opposition to this form of govern-
ment, but because he thinks no bol-
shevistic government would be re-
sponsible and dependable.

We frankly admit, brethren, that
prohibition has its good points. It
furnishes a lot of good newspaper
stories.

Before punching the fellow who
calls you a liar it might be well to
consider whether or not he has told
the truth.

In the matter of prosecuting the
slackers the government itself is
something of a slacker.

Many people are not content with
their troubles until they have added
a bunch of imaginary ones.

There are people, though, who
find it quite difficult to be both sen-
sitive and sensible.

Men who are to be trusted seldom
tell you of it.

Sap and Salt

By BERT MOSES.

Honesty that doesn't come natu-
ral is apt to slip at the wrong time.

High-priced happiness is gone be-
fore you have a chance to enjoy it.

The drawback about experience is
that you lose so much fun while
getting it.

Hez Heck says: "You can't be po-
lite in a boarding house and get a
square meal."

The quiet fellow who gets up af-
ter the noisy ones are through is
the man who sets things straight.

One big mistake of the times is
that we do everything we can to
keep human nature from having its
way.

The Laramie Mountains.

The Laramie mountains are a range
of the Rockies in southeastern Wy-
oming. It begins on the south bank of
the North Platte river, in Natrona
county, somewhat southeast of the
center of the state, and extends in a
southeasterly direction through Al-
bany and Laramie counties, being cut
by the Laramie river and its north
branch. The range is mostly a broad
upland, of from seven to eight thou-
sand feet elevation, with no outstand-
ing summits.

LOOK TO AMERICA
FOR FILM MARKET

Experiencing a "Crisis" in Disposing
of Its Goods, German Indus-
try Seeks Elsewhere

WANT THE U. S. MARKET

The Effort to Put German Film on
Higher Plane is Likewise
Succeeding

By CARL D. GROAT
(U. P. Staff Correspondent)

Berlin. (By Mail)—Experiencing
more or less of a "crisis" in dis-
posing of its goods, the German film
industry is looking to America, Eng-
land, France and Italy for a mar-
ket.

The success of the first German
films sent to the states since the war
has encouraged film makers to be-
lieve that they can enter the Ameri-
can market. This hope is largely
based on their idea that America is
tired of her own films, on the ground
that they are built too much on one
theme.

The American "crisis" in the film
business is attributed by the German
makers, not to a decreased love for
the movies, or the "Kino," as the
German calls it, but to a change in
the American taste. The German
makers hope to meet this changed
taste.

There is a movement for consolida-
tion of concerns, squeezing out the
"small fry," and purifying the tone
of the films by also driving out men
attracted to the business at the
time when large profits could be
made with low grade goods. This
movement is succeeding, and it can
be foreseen that within the next
few years only a few major con-
cerns will be operating here.

And the effort to put the German
film on a higher plane is likewise
succeeding. A year and two years
ago, many of the German products
were revolting obscene. They could
not have played in any movie house
in the states. But, this is gradually
altering, and while one still finds
many perverted presentations, there
is a gradual trend towards a better
moral and mental tone.

Great events in history and litera-
ture are being spectacularly staged
at large costs, and with big casts.
There is quite an actor colony in
Berlin, and this attracts many young
girls; just as the Los Angeles stu-
dios do, but the glamour is not so
great as in the states.

Among the German stars are Hen-
ry Porten, Fern Andra (formerly
America), Mia May, Pola Negri, As-
ta Nielsen, Harry Piel, Sabret (for-
merly America), Paul Wegener,
Erich Kaiser-Tietz.

The nickel wealth of New Caledo-
nia is surpassed only by that of Can-
ada.

"A SHINE IN EVERY DROP"
Black Silk Stove Polish
is different. It does not
dry out; can be used to the
last drop; liquid and paste
one quality; absolutely no
wax; no dust or dirt. You
get your money's worth.

Black Silk Stove Polish
is not only most economical, but it gives a brilli-
ant, silky lustre that cannot be obtained with any
other polish. Black Silk Stove Polish does not
rub off—it lasts four times as long as ordinary
polish—so it saves you time, work and money.

Don't forget—when you
want more polish, be sure to
ask for Black Silk. It isn't
the best stove polish you ever
used—your dealer will refund
your money.

Black Silk Stove Polish
Works, Sterling, Illinois.
Use Black Silk for drying
iron, steel, brass, chrome,
stoves, pipes, and other
metallic surfaces. Prevents
rusting. Try it.

Use Black Silk Metal Pol-
ish for silverware, nickel-
ware or brass. It works
quickly, easily and leaves a
brilliant surface. It has no
equal for use on automobiles.

COUNTIES WILL
SEND DELEGATES

Convention of Members of Salvation
Army Advisory Board is Planned
For March 31.

PROGRAM IS ANNOUNCED

Purpose is to Develop and Improve
State Wide Movement of
Social Service

Indianapolis, Ind., Mar. 22—Feel-
ing that it is of paramount import-
ance to develop and improve a state-
wide program of Social Service for
Indiana, based upon the collective
needs of each community, the Salva-
tion Army's State Advisory Board,
in session in this city, has issued a
call for a convention of delegates
from each of the ninety-two sections
of Indiana where advisory boards
have been formed. This convention
is to be held at the Hotel Severin, in
Indianapolis, on Thursday, March
31st.

Two sessions will be held during
the day, the first opening at 10 a. m.,
and the second at 2 p. m. At 12:30
p. m. a luncheon will be served in
the same building to all those at-
tending the convention. The after-
noon work will close early so that
the delegates may return to their
homes that evening.

Stirring messages, brimful of in-
formation, will be given at the con-
vention by Salvation Army workers
of note. Commissioner William
Pearl of Chicago, in executive con-
trol of the work of the Army in this
Central West, will be here. So will
Lieutenant-Colonel Mary Stillwell,
who has charge of the rescue work
among women in nearly half the
states of the union. They will both
give addresses. Dr. Charles T.
Wheeler, a Salvation Army Chaplain
who served with the Yanks in France,
will discuss "On Active Duty," and
the subject, "The Duty and Oppor-
tunity of the County Boards" will be
handled by Mr. Herbert N. Jeffrey,
of Chicago, the Central Territorial
Director of the 1921 Service Pro-
gram.

The convention will be unique in
the history of Indiana and will, it is
expected, mark an epoch in the pro-
gress of solving social problems as
they relate particularly to this
district.

REP. RICKETTS NEVER
MISSED A ROLL CALL

Breaks All Records, Democratic or
Republican, in History of The
Government

ANSWERS BELL 592 TIMES

Washington, Mar. 22—Represent-
ative Edwin D. Ricketts, of Ohio,
has surpassed all the records, Dem-
ocratic, or Republican, in the history
of the Government by never
missing a roll call during the 66th
Congress.

When the roll is about to be
called in the House of Representa-
tives the bells in the office building
are rung three times. In the election
subsequent to the war several Dem-
ocrats were defeated on the ground
that they had been "Congressional
slackers". But in that Congress
Ricketts never missed the call. Each
time he was on the spot. And in the
66th Congress he answered the bell
592 times.

These calls are just part of a
day's work with Ricketts. He is a
member of the Merchant Marine,
Invalid Pensions, Roads and En-
rolled Bills committees and attends
every meeting. When his committees
do not meet he devotes his mornings
to departmental work and correspon-
dence. Often he is still at his office
late in the evening, busily attending
to the business of his constituents
and studying legislation upon which
he is expected to cast his vote.

USES THE WORDS OF JESUS

U. B. Pastor Takes "Nothing But
Leaves" as Sermon Topic

The attendance and interest at
the first meeting of the pre-Easter
services at the United Brethren
church, corner of Seventh and Ar-
thur street, last night was good.

The pastor's subject was "Noth-
ing But Leaves." It is a quotation
from the words of Jesus which He
spoke on Monday following the first
Palm Sunday. The pastor used the
words as an illustration of profes-
sors whose lives are like the fig
tree.

The Rev. D. Saylor will preach
tonight at the church and all are
invited to attend.

Current Comment

This is Rather Good
(National Republican)

Norman Hapgood, who was once
appointed minister to Denmark by
President Wilson, but failed of sena-
torial confirmation, has written a
long eulogium of President Wilson
and his works, which opens with
the assertion that the federal re-
serve act, which Hapgood attributes
to President Wilson, is "the most
valuable piece of constructive legis-
lation since the days of Hamilton."
Mr. Hapgood continues: "Without
that act Mr. McAdoo would have
been hopeless to avoid a panic in
1914." This is rather good, in view
of the fact that the federal reserve
act, which could have been, under
its terms, put into operation in the
fall of 1914, was held in abeyance
until June of 1915 and the crisis of
the European war's beginning had
been met and overcome by the use
of the Aldrich-Vreeland emergency
currency act, a Republican measure.
Mr. Wilson found on the statute
books when he was inaugurated!

LONDON—"That he must be kept
really nice and clean, and sleep in
someone's bed," was a condition at-
taching a bequest of a pet dog, plus
\$250 and \$100 a year for the ani-
mal's keep. Four daughters of the
testator had the option.

TAKES PAIN OUT
OF RHEUMATISM

Keep Sloan's handy for backache,
sprains and strains, too

SLOAN'S Liniment has been sold
for 39 years. Today, it is more
popular than ever. There can be
but one answer—Sloan's produces re-
sults.

Applied without rubbing, it penetrates
to the afflicted part, bringing relief
from rheumatic twinges, sciatica; sore,
stiff, strained muscles; backaches,
sprains, and other external pains, often
the result of exposure. It leaves no
mucousness, skin stain or clogged pores.

Get a large bottle for greater econ-
omy. Keep it handy for use when
needed. Your druggist has it. Three
sizes—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

See What Science Has Brought You

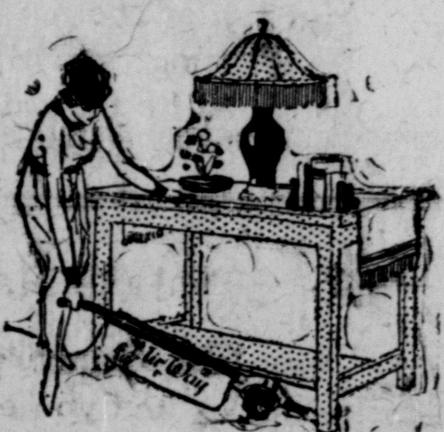

When you have seen the Air-Way in action you will know it is not
just another cleaner—but a different one—unlike any other you
have seen demonstrated. It is the result of 10 years development.
The quick, easy way to do your daily housecleaning. On rugs and
floors you use it like any cleaner, but when you come to hard places,
or tufted furniture just pick it up and use the handle, as shown in
the illustration.

The Airway is more than a carpet cleaner, it cleans places only a
dust cloth can reach, and does it without putting on cumbersome
attachments.

To clean tufted furniture just
use the handle

It's easy to get under couches,
tables, chairs and other tight
places with the Air-Way. The
Air-Way Universal Joint is a
veritable "Human Wrist."

In buying a cleaner, why not purchase one that serves
many purposes, and one that has five exclusive patents,
which are found only in the Air-Way—an all suction
machine—no brush.

IT IS PRICED NO HIGHER THAN ANY STANDARD
MAKE MACHINE, AND MAY BE PURCHASED AS
LOW AS \$1 A WEEK.

The AirWay is made by a dependable manufacturer and
sold on an iron clad guarantee. To see it demonstrated
in your home does not obligate you. Telephone today
for an appointment.

MONOPOLY OF COFFEE MEANT HIGHER PRICES

Italy's Government Measure Adopted During War Will Probably Be Abolished.

PROVIDES FOR IMPORT TAX

Rome (By Mail to United Press)—Italy's government monopoly of coffee, one of the extreme measures adopted during the war for increasing state revenues, will in all probability soon be abolished.

At the urgent request of the National association of Italian Chambers of Commerce, the Ministers of Finance and of Commerce have taken up a project restoring freedom of commerce in coffee.

In order that the state revenues may not be diminished by the change the project provides for a regular import tax on coffee but the state will be relieved of the present difficult and artificial task of trying to control the coffee commerce and market.

The monopoly on coffee, which is similar to the state monopolies existing in Italy for years on tobacco, salt and quinine, was put into effect at the same time as was the monopoly on electric light bulbs. Since the inauguration of the state control of coffee in Italy the prices of the latter had increased from between four and five times.

TO HOLD SERIES OF MEETINGS

The Rev. G. F. Powers is conducting a series of Pre-Easter meetings at the Christian church in Falmouth this week. Services will be held each evening beginning at 7 o'clock. The public is invited to attend these services.

Amusements

Pearl White Coming

Pearl White, in the William Fox production "Tiger's Cub", a powerful drama of the Alaskan snows adapted from George Goodchild's great story, is announced as the feature attraction at the Mystic Theatre tomorrow.

"Tiger's Cub," is described as the most perfect Alaskan drama ever screened. It carries a powerfully dramatic theme and contains heart appeal, thrilling moments and entertainment value far in excess of the average picture.

Briefly the narrative unfolds the attempt of two scoundrels, Bill Stark and "Tiger" Bloss, to rob Colonel. Before he dies Summers writes dispute over a poker game in which Stark unfairly wins the mine, the "Tiger" mortally wounds the Colonel. Before he dies Summers writes an accusation of the "Tiger," and gives it to Lone Wolf, his Indian servant.

When David Summers arrives to run down the murderers of his father, he meets and falls in love with the Cub, the "Tiger's" beautiful daughter, Stark (however, who has secretly married Hilda, a dance hall girl, conceives a desire for the Cub, and offers her father a half interest in the mine he has stolen in consideration of his consent to their marriage. The Cub is forced to wed the scoundrel.

David learns of the marriage, and also that Stark is the despoiler of his father. He pursues Stark, there is a hand-to-hand fight, David is dangerously wounded, and Stark is

about to finish him when Hilda, who has hidden in the cabin, kills Stark. The picture has a happy ending. In the fine supporting cast Thomas Carrigan is leading man.

"Fatty" Plays Sheriff Role

The famous Western melodrama, "The Round Up," has reached the screen and will be shown at the Princess Theatre for the last time today. By special arrangement with Joseph M. Schenck, Roscoe Arbuckle the heavyweight comedy star, plays the role of "Slim" Hoover, the sheriff.

Edmund Day's "The Round Up" has been played with enormous success on the road for several years and is familiar to theatre patrons throughout the country. The story centers around the love of Jack Payson for Echo Allen, the ranch owner's daughter. Echo is engaged to Dick Lane, who falls into misadventures at the hands of a band of Apaches led by half-breed Buck McKee. In Dick's absence, Echo falls in love with Jack Payson and marries him, believing Dick dead. On the day of the marriage he disappears into the desert. Echo sends Jack after him to prove she has not broken faith. Together they fight McKee's Apaches and Jack is rescued in the nick of time by U. S. Cavalry. However, Dick and McKee are both killed in the battle. Echo accepts Jack upon his return.

A notable cast supports Mr. Arbuckle, including Tom Forman in the role of "Payson," Mabel Julienne Scott as "Echo," Irving Cummings, Jane Acker, Guy Oliver and Wallace Berry. In addition to playing the hero's role, Tom Forman also wrote the scenario.

Scratch Pads for Sale. The Daily Republican Office.

Lay Them Right Over the Old Shingles

WHEN your shingle roof must be replaced you need no longer suffer the houseful of dust and dirt, litter, annoyance and expense of ripping off the old shingles. Leave them where they are and lay Johns-Manville Asbestos Shingles right on top of them. Then you'll have a roof that is fireproof and everlasting; you'll get the benefit of the splendid roof insulation afforded by the old shingles and, most important of all, you will have re-roofed for the last time.

RE-ROOF FOR THE LAST TIME WITH JOHNS-MANVILLE ASBESTOS SHINGLES

Lay Johns-Manville Asbestos Shingles right over the old wooden shingles and you eliminate roofing troubles and expense for all time because Johns-Manville Asbestos Shingles will last as long as your building stands. They're all mineral—nothing in them to rot or burn; they will not warp, curl or split; they never need paint; they're easy to lay and they are most attractive in appearance.

Does your roof need replacement? If so, it will pay you to get full information about this method of re-roofing with Johns-Manville Asbestos Shingles. See us at once. We can do the work for you quickly, easily and economically.

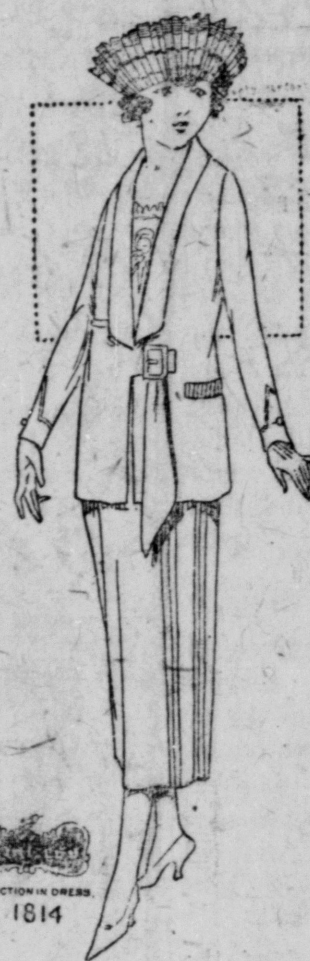

Write, call or telephone today for full particulars, estimate, etc.

REAL ESTATE TRADE ABOUT NORMAL HERE

The real estate business in Rush county for the first half of the month was about normal, judging from the transfer records for the period. Transactions where considerations were mentioned amounted to \$68,156.50, all of the sales except one being less than \$10,000 and the majority of them under \$5,000.

The largest transaction of the period amounted to \$22,400, which sum was paid for a farm of 140 acres in Union township. Most of the deals were for small town lots and small tracts of farm lands.

The transfers are as follows:

Clyde W. and Amanda Kitchen to Dora F. Jackson, lot in E. T. Buswell's addition to Milroy, \$1697.50.

Leonard and Nancy Snider to Lowell L. and Esther B. Beach, lot 14 in William S. Price's 2nd addition to Arlington, \$100.

Burl O. and Evaline Kennedy to Elizabeth A. Kennedy 40 acres in Posey Twp., \$5000.

Ollie McMillin to Pearl M. Ayers and Albert Ayers part of west half of lot 159 in Pugh-Laughlin-Cross addition to Rushville, \$5000.

August and Emma Francis to Rudolph VanKirk, 27 acres in Anderson twp., \$4500.

Jesse Wollung to Golda A. Stout lot 28 in McMahan and Fosters' addition to Rushville, \$1800.

Mary C. Patterson to John E. and Martha J. Roberts lots 5 and 12 in the original plat of Vienna (now Glenwood) \$1,000.

Anna B. and Hervey C. Atkins to Frank M. Hudelson, 28 acres in Center twp., \$8300.

John E. and Anna J. Duncan to Wilbur E. Chance, lot 23 in Lillie M. Ren's addition to Falmouth \$100.

Sherman and Hattie Andrews to Frank S. Reynolds, et al, lots 257 and 258 in Payne, et al, trustees' addition to Rushville, \$1350.

Clinton W. and Laura E. Phillips to John Nipp, Sr. and Lydia J. Nipp, east half of lot 28 in George C.

Clarks first addition to Rushville, \$1800.

Cassie Maey, et al, to Edwin and Eva Miller, 4/7 interest in 77 1/2 acres in Posey twp., \$4200.

Allie E. and Samuel A. Phares to Edwin and Eva Miller, 1/7 interest in 77 1/2 acres in Posey Twp., \$1050.

Lloyd M. and Muriel Maey to Edwin and Eva Miller, quit claim, to interest in 77 1/2 acres in Posey twp., to perfect title.

Mariah M. Moore to Albert N. McMichael, 25.84 acres in Posey twp., \$3,000.

John and Lydia J. Nipp to Bay Whitton and Mary K. Whitton 4 acres in Washington twp., \$7000.

The Layton Cemetery association to F. M. Critzer, lots 50 and 51 in Section E and an additional lot in the play of Layton Cemetery, \$8.

Emma K. and Edward G. Carr to Charles W. Zike, 20 acres in Walker twp., \$2100.

Marguerite and Omer L. Isaacs to Ida M. Cartmel, lots 18 and 19 in Cherry Grove addition and lots 34, 47 and 50 in McMahan and Foster's addition to Rushville, \$650.

Ira P. Walker to Almeda V. Walker, lot 5 in Root's second addition to Milroy, \$1 etc.

G. Edwin Johnston and Zella R. Johnston to Otto O. Morris 140 acres in Union twp., \$22,400.

G. Edwin Johnston, et ux, to Alma Morris, 20 acres in Union twp., \$2,000.

Two Remarkable Rides.

A remarkable achievement of an English rider dates back to Shakespearean days. Robert Carey is said to have ridden from Whitehall to Edinburgh, 400 miles, in three days, carrying the news of the death of Queen Elizabeth to James VI. He made another noted ride from London to the Netherlands, with the news of Cardinal Wolsey's death, traveling by boat from London to Gravesend and riding the intermediate distances. He left London, according to the accounts, at 4 o'clock one afternoon and was back in London at sunset the second day thereafter.

Dalmatia has a species of ant that makes bread of chewing seeds into pulp, forms it into loaves, bakes them in the sun and stores them for future use.

CORNS

Lift Right Off without Pain

Magic! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Doesn't hurt a bit. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and calluses.

The way CORONA

records your thoughts is a delight to you and all who receive your Corona writing.

CORONA

The Personal Writing Machine Makes all kinds of writing a pleasure. You can't believe what this 6 pound machine does till you try it. Come in and operate it yourself.

W. O. FEUDNER at The Daily Republican.

Mrs. Ab Denning will be hostess to the Thimble club next Friday afternoon.

Mrs. Thomas Moore of Falmouth had as her dinner guests today Mrs. Hettie Rich, Mrs. Viola Sommers and Mrs. Emma Fry.

The Ladies Aid Society of the Christian Union church of Homer will meet Thursday afternoon at the home of Mrs. Oscar J. Miller.

The Woman's Relief Corps will meet tomorrow afternoon at two o'clock in the Grand Army hall in the court house. A good attendance is desired.

There will be a special meeting of the Woman's Missionary Society of Sexton, at the home of Mrs. M. L. Pratt, Friday afternoon, March 25, at two o'clock. All members are requested to be present, if possible, as business of importance is to come before the meeting.

Mr. and Mrs. Ed Short had as their dinner guests Sunday at their home in West Second street, Mr. and Mrs. Edwin Young and David Kincaid of Clarksburg, Mr. and Mrs. Ambrose Gohring, Mr. and Mrs. Dan Honley and daughter Roselle and Mrs. William Higgs.

A pitch-in supper was given in honor of Omer and Arthur Bowles and E. L. Painter last Tuesday at their home southeast of the city. The evening was spent in dancing and music. About sixty guests were present for the affair. The honored guests left today for the west.

Miss Alice Norris entertained the members of the Cotillion yesterday afternoon at her home in North Harrison street. Guessing contests and music were enjoyed during the afternoon. Delicious refreshments were served by the hostess. Fourteen members were present for the meeting.

An Easter dance will be given Thursday evening in the K. of P. hall in West Second street for the Knights of Pythias members and their families only. Special music has been obtained to furnish the music. On Wednesday evening the dancing class which has been recently organized by K. of P. members, will give a practice dance in the hall.

Miss Marjorie Marie Moore, little daughter of Mr. and Mrs. George Moore, Jr., entertained a few of her friends at her home west of the city Sunday, honoring her ninth birthday. A bountiful dinner was served at noon. The table was appropriately decorated with Easter rabbits and a large birthday cake adorned with nine candles. The guests were Frances Kennett, Marian Gibson, Marcel Byrd and Pearl and Ruby Linville.

Orville Collier was delightfully surprised last evening at his home in West Ninth street, when Mrs. Collier entertained a number of his friends in honor of his birthday anniversary. Music and games were the main diversions of the evening. Delicious refreshments of ice cream and cake were served. The guests were Mr. and Mrs. A. P. Mahan, Mr. and Mrs. Richard Beale, Mr. and Mrs. Claude Tanner and son Paul, Mr. and Mrs. Clyde Deeter and son Louis, Mr. and Mrs. Harvey Cohee and son Richard Leroy, William Setwart and Harry Petry.

Mrs. Roy E. Harrold was hostess for fourteen members of Tri Kappa sorority last evening at her home in East Ninth street. During the business meeting arrangements were completed for the concert to be given by the Indiana University Glee Club in this city, Saturday evening, April 2, at the Graham Annex. Tickets will all be sold at the same price and there will be no reserve seats. New officers were also installed at this meeting. Two guests, Miss Helen Jenkin, of Peru, Ind., and Mrs. Donald Ball, a pledge of the sorority were present. The proceeds from the concert will be used for the benefit of the Board of Children's Guardians.

PETITION FOR ELECTION
Muncie, Ind., Mar. 22.—With proponents of the city managers form of government ready to begin circulation of petitions to the call for election here in April, it is all a matter of fact whether Muncie shall take advantage of the provisions of the Knapp law. The forty candidates for city offices for nomination in the primary were preparing to give a vigorous battle.

Enter Spring, with blue skies, radiant sunshine, genial warmth and a fine spirit. With it comes the desire to be outdoors, to be well dressed and happy. This is the natural time of year to possess new clothes pleasing to the eye. Moderately priced apparel in every section of the store encourages buying now for every need of the increased activities of Spring. Extensive assortments, fresh and new lend pleasure to the business of collecting a Spring wardrobe.

Accessories That Assist in Costume Personality

Fresh new Accessories will revive the most "last-year's" looking garments and give the new costume a personality that is distinctive. Neckwear in the new cafe au lait, fresh gloves with heavily embroidered backs or effective appliques, smart Hosiery, a new Handbag, a crisp Veil and then—then one may be sure of that feeling

of well-being which comes from good grooming.

Trim Knockabout Wooltex Suits at \$25

Can one believe her eyes? \$25! Yes, \$25 buys a trim little business-like Suit, patch pocketed and well-tailored, in any one of several shades. Just the thing for practical Spring wear on the street, for sports and much hard knock-about service.

Umbrellas Quaint and Stubby

Being caught in the rain with one of the snubby-nosed new Umbrellas is really not so bad. Said Umbrellas have amber and ivory bracelets enabling them to swing easily on the wrist when not in service. Gay silk covers add to their charm. Bought now they will serve during the showery season and as sunshades with street costumes later.

Blouses for Suit and Separate Skirt

A fascinating place is the Blouse Section these days with numbers of new models coming in daily in anticipation of increased Blouse needs. There are delightfully correct tub models for sports and street wear, while georgette and crepe de chine are dressier styles that are poems of loveliness. One's needs are crystallized upon inspection of the Blouses and prices make a pleasurable task of choosing from the hosts of dainty models.

PICTURE PLACES OF FRANCE IN DECAY

By JOHN DE GRANT
(U. P. Staff Correspondent)
Paris, Mar. 1 (By Mail)—The chateau of Versailles and both Triansons are literally falling to ruins. This is the conclusion of deputy Pierre Rameil's report for the budget of Fine Arts. Rameil told of the ruin of the palace where was spread the splendor of King Louis and

where took place a part of France's national history.

"In the Prince's court," says Rameil, "one wing is near to collapse; the brick front part is crumbling; through broken windows one can see the old plasterwork of a fallen floor.

"On the side overlooking the park the northern wing is in similar bad shape; one of the marble columns wears a wooden corset.

"In the park, the statues are frightfully mutilated. The grove of Apollon was menaced last summer when a landslide of about ten meters

deep failed to destroy the two famous groups Apollon and the Nymphs and the horses of Apollon.

About the Triansons, Rameil shows the theatre of Marie-Antoinette menaced with complete ruin. Night birds are living in the theatre's ceiling which Lagrenée painted. At the Hamlet, the thatched roofs are full of holes. The Mill has lost its ladle-board. The inside of The Guard's House and the Farm is falling in. The stables and kitchens, Madame de Pompadour's menagerie, Marie-Antoinette's orange grove are going too.

MAUZY'S OFFERS

MANY OPPORTUNITIES FOR SAVING ON New Spring Apparel

Spring Styles

Mauzy's Sponsors Delightful Modes in Suits, Frocks and Wraps

Women who have postponed buying the new Spring wardrobe until now will find hosts of interesting styles, fresh and unhandled and tinged with some of the whimsical charm of April itself. The amazingly reasonable prices at which Suits, Wraps and Frocks may now be had makes this a Spring when one will take keen pleasure in choosing clothes for all the many feminine needs.

SUITS

Swinging mandarin coats, semi-tailored styles, boxcoats, bloused coats or coats with cape backs—these are a few of the models from which to select a Spring Suit. Wide skirts and trim narrow skirts also offer variety. No Spring wardrobe need be without a treasured Suit for the long season of wear ahead with prices so low.

WRAPS

Was anything ever so deliciously feminine, graceful and pleasing as the Wrap? Wrapping its soft folds about one, for one does it with Wrap, Cape or Coat this season, one forgets that it has a practical aspect and simply remembers that it is smart and good-looking.

FROCKS

With Frocks priced so reasonably, with styles so varied and charming, and with Spring, the season ideal for wearing Frocks, now here, there is no reason why any woman should forego the pleasure of the new Frock. Soft Canton crepes vie in individuality with satins, georgettes and taffetas in colors that are lovely for warm days.

Brassieres for Every Figure

Even the slender figure requires a Brassiere. Our stock is complete and includes all derived styles from the comfortable little net bandeau to the carefully boned corset model for the full-formed figure. If you have not been wearing a Brassiere, a trial will show how improved your general appearance is with the addition of this finishing touch to correct corseting.

Seen in the Junior Misses' Section

Spring is a fascinating time for this Section. Bring Miss Sixteen down to the store and indulge her in a morning of trying on and selecting Frocks, Pumps, a Suit or Wrap, Lingerie and Corsets for her Spring needs. Dominating this apparel is a gay spirit of youth that means much to both mother and the young person taking a new and vital interest in clothes. Practicability, service and price are factors as evident as style in this specialized apparel for the flapper.

BUY IT NOW

Such Attractive Footwear

Women and girls are flocking here for their new pumps and oxfords. The styles are unusually attractive. Then there are so many pretty silk hose, with plenty of greatly desired gray to go so effectively with the black pump. If a man has nothing else new for Easter, he should come out in a new pair of Florsheims.

COMMISSION IS
HIGHLY PRAISED

Conservation Board and Richard Lieber, Director, Are Praised in Report of Field Examiner

IS EFFICIENT ORGANIZATION

Report Covers Period of Several Months and Deals With List of Prosecutions For Violations

Indianapolis, Ind., Mar. 22.—Members of the Conservation Commission and Richard Lieber, director of conservation in Indiana, are highly commended for the efficient and businesslike manner in which the affairs of the department are conducted, in a report just filed with Jesse E. Eschbach, chief examiner of the state board of accounts. The report was filed by E. D. Farmer, field examiner, and covers the period from April 1, 1919 to September 30, 1920.

"The director of the commission, Mr. Lieber, is to be commended for the efficiency of the entire organization. The system of accounting and reporting is such that any desired information concerning the work of any division is such of the department can be produced in the office of the director on a moment's notice. The per capita cost of the game wardens has been reduced below the 1917 per capita cost and in this connection, it should be considered that the cost of living and traveling has been much higher during the past year than it was in 1917. Had the cost of living been the same in 1920 as it was in 1917 the reduction would have been very great.

"The collection of fees from prosecutions has also been very well done and the outstanding accounts were much less at the end of the fiscal year 1920, than at any other close of a fiscal year."

"A service account is kept with each game warden showing the length of service, number of arrests made, number of convictions, salary paid, expense and cost of automobile service. A report is then compiled showing the cost of conviction per man based upon salary and expenses and the cost of conviction per man based upon salary, expenses and automobile service. The lowest actual cost per conviction during the year was \$24.40 and the highest \$343.23.

"From this tabulation the director is enabled to classify and grade the efficiency of service rendered by the wardens and select the most competent for permanent employment and likewise find those who are inefficient and are not rendering the state sufficient service to warrant their retention with the department."

Automobiles used by the wardens are state property and in order to prevent their use only on business for the state, close tab is kept on their movements.

"A report is prepared by the director each month from reports made to him by the heads of the different divisions of the one in charge of any special activity. This report contains much information, both general and specific, concerning the last month's activities of the Commission and a copy is placed in the hands of each member of the commission a few days prior to the monthly meeting. In this way the different members become acquainted with what is being done in the different divisions and are able to enter the monthly meetings with such facts in mind as will better enable them to perform their service to the state."

The report goes on to state that a complete inventory of every article of value belonging to the state and used by the commission is or file with the director and that a monthly report is kept on all postage used.

WITHOUT AN ANESTHETIC

Ben Zell, 73, of Shelby County, Undergoes Amputation Here

Ben Zell, a resident of Shelby county, underwent an operation here yesterday morning at the Dr. Sexton hospital for the amputation of his left foot. Mr. Zell who is 73 years old, was not given an anesthetic owing to his advanced age, but is said to have withstood the ordeal splendidly and will recover unless complications set in.

His illness started last November when he cut the flesh of a toe and blood poisoning set in. His condition gradually became worst until the amputation was imperative.

Fawns of reindeer are strong and fleet of foot a few hours after their birth.

Edison
reveals voice secrets

ONLY 22 singers, out of 3,800, sing pure notes.

Many popular opera and concert stars have serious defects in their voices.

"Stage-personality" enables many a singer of poor voice to gain success as an operatic star.

These amazing facts are told by Mr. Edison in a recent interview on "The Imperfections of the Human Voice." Ask for a copy.

The NEW EDISON

"The Phonograph with a Soul"

Vote!

Mr. Edison has listed his 25 favorite tunes. Ask for a copy of "What Edison Likes in Music."

What other great American's favorite songs would you like to know? Come in—vote!

Receive free, Mr. Edison's favorite portrait; a pen-etching by Franklin Booth, 12 x 19 inches.

He detected and analyzed these vocal defects through the New Edison.

If the New Edison can reveal the defects of mediocre voices to scientists,—it can bring the perfections of great voices to you.

You hear the world's greatest music at its greatest, when you hear the New Edison.

NEW LEVY TO SOLVE
EDUCATION PROBLEM

Five Cent Additional Tax Will Aid State to Get Back to Former Prestige in Educational World

NOT IN EFFECT UNTIL 1922

Bloomington, Ind., Mar. 22.—Although the five cent levy authorized for state educational institutions by the recent state legislature will not become effective until Jul. 1922, officials of the institutions are formulating plans for the rehabilitation of higher education in the state, made possible by the new levy.

Scientific and educational equipment and the recruiting of the faculties of Purdue and Indiana Universities and the State Normal Schools will be the major part of the new program. During the past four years insufficient funds necessitated curtailing improvements and new buildings. Faculties likewise became depleted as many of the best members were drawn to other institutions because of salaries much higher than the Hoosier institutions could give them.

Officials of Indiana university, Purdue university and the State Normal at Terre Haute and Muncie are making a thorough study of the needs of their separate institutions with a view toward rapidly getting the schools back to their former prestige in the educational world. Constantly increased enrollment faces the institutions and facilities to accommodate the hundreds of new students are being planned.

IS A BUSY MAN THESE DAYS

Governor is Dated Ahead Several Days on Business Appointments

(By United Press)

Indianapolis, Ind., Mar. 22.—Gov. McCray is so busy these days that it is almost impossible for anyone to see him without making an appointment two or three days before. The governor is attempting to run his public office the same as he ran his private office heretofore.

Miss Ada Bush, the governor's private secretary takes care of those who are fortunate enough to make an appointment with the governor or who have business of a minor character to transact with the official.

Newspapermen are always welcome at the governor's office, but most times it is impossible to see the governor at the hour which he has appointed for the conference with the press representatives.

INDIANS, YANKEES MUST FIGHT IT OUT

Of Three Strong Teams New York
Appears to Have the Best of
Brooklyn and Pittsburgh

CAN BROOKLYN REPEAT?

Robinson, The Manager, Says He
Would Rather Play it Out Than
Dope it Out on Paper

By HENRY L. FARRELL
(U. P. Staff Correspondent)
New York, Mar. 22.—Since 1913, when Jawn J. McGraw copped his third pennant in a row, no National League manager has headed a winner twice consecutively.

Uncle Wilbert Robinson can do a lot of things with ball players, but there is not enough around his Brooklyn Club to justify the belief that he will break the precedent.

True, he has the same club, man for man, excepting Rube Marquard, that won the 1920 honors, but while he has stood pat on his team, other managers have been adding strength during the off season.

Picking winners on the diamond is just about dependable as picking them on the turf—a hit once in a while is a good average.

The same Uncle Wilbert Robinson probably was thinking of this recently when he said:

"You go ahead and dope out the pennant race, I prefer to play it."

However, in fifty percent of the cases, baseball runs true to form. Last year the National League race went against the dope but the American League followed it almost to a line.

The National League, of course, can be divided into two groups,—contenders and non-contenders.

Only three clubs at this early date appear to be in the first class,—Brooklyn, New York and Pittsburgh. Of that trio New York looks to be best with the Pirates second and the Robins third.

The Giants ought to win the pennant. If Goldie Rapp makes good for the infield and McGraw is able to land a more reliable centerfielder than Benny Kauff or King, he ought to walk away with the pennant.

After a slump until midsummer, with the pitchers out of condition and a fragile infield, the Giants chased the Robins clear to the wire last year.

The club is stronger this year, should start stronger and finish stronger.

Rabbiit Maranville will make a pennant contender out of the Pittsburgh Pirates. George Gibson sacrificed some batting strength and some powerful outfield talent to get him, but there is plenty left. The Pirates look awfully good for the race, but not good enough to nose out the Giants.

Brooklyn has the best pitching staff in the major league. It may even be stronger with Reuther in the fold, but the club is no better than it was last year and everyone excepting the residents of Flatbush admit that the Ebbets crowd was rather lucky last year.

The Cincinnati Reds appear to be shot. Pat Moran wrecked his club to get rid of some disturbers. With a recruit, Bohne, one second base and the light hitting Crane in right field, the club will be as strong as it was last year. There may be better morale on the club with Reuther, Ring, Rath and Neale gone, but morale will not go it alone.

Johnny Evers also has been tearing down the Chicago Cubs to such an extent that his club is a mystery. However, any club under Evers must be figured. He brought the Giants out of the ditch last year and he "may be" a miracle man with the Bruins.

Among the Cards, the Braves and the Phils there may be a "Brave team of 1914" that will step out in midseason and knock the circuit dead. But there's nothing to indicate it now.

Charles Stoneham president of the Giants, and McGraw are claiming the pennant and their claim looks at the very least as good as anyone's.

ONCE SAILED AS SHIP'S BOY, NOW AS VICEROY

London (By Mail to U. P.)—Lady Reading thinks it is "like a fairy-tale" that her husband, who when 15 years old went to India as a ship's boy, is now going to land at Bombay as Viceroy.

Quite soon now, Lady Reading will be receiving veiled ladies at Purdah parties. Discussing her approaching departure, Lady Reading said she was looking forward very much to the whole affair, except that she would have to leave her "beloved grandchildren".

Lady Reading has spent much time studying the problems of the women of India and hopes to be a great help to them.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. F. B. Johnson & Co. has been appointed agent for Allenrhu in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—(Adv.)

TAKE

PEPSINCO

the best remedy for
indigestion that ever
came out of a drug
store.

You know that pepsin is good for indigestion but pepsin could never do what PEPSINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPSINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia well do well to take PEPSINCO.

Ask your druggist—he will and recommends Pepsinco.

Motor Care

The constant pound and noises in motors cause excessive wear of their various parts and although a breakdown may not occur immediately, the final result will be sixty per cent more costly than if the repairs were made at the first indication of trouble.

The same is true of the rear system. A growling, humming sound that always precedes a break down, should warn the auto owner that he will eventually break down, necessitating delay and an expensive tow in by a garage man.

Hence it behooves every auto owner to go to his particular garage man and let him diagnose those noises.

If you want to save money on motor or rear system overhauling, I would advise you to bring your car to me as I can save you money, give you genuine Ford parts, get you in running in quick order, and guarantee satisfaction both as to price and workmanship.

Telephone 1330 or bring your car to
General Repair Shop

Do you know the facts about building costs?

Do you know that lumber and building materials are down?
Have you talked to us lately about building?

Do you know how reasonably you can make needed repairs, build your new home, or remodel your old one?

Better get in touch with the situation at once.

The big building program that was expected in 1920 failed to develop. The manufacturers were caught with too large stocks, and were forced to turn them over at almost cost.

We can show you a substantial saving on every item in our line.

But it's only fair to tell you this condition may be only temporary. The country is short more than a million homes. Our own city is short many homes. When people begin to do this long delayed building, demand will increase rapidly, creating another shortage of materials, and prices will advance again.

If you are planning to build, remodel, or repair, come in and let us give you figures. Then when we show you the actual savings over last year's prices and show you how favorably present costs compare with those of 1914, make your own decision.

Get in touch with us today.

Doug Mentions Rushville, Ind., Referring To Film

(New York Tribune)

What constitutes the perfect motion picture? Has it been made yet—has the ultimate in screen technique been achieved? Can further stupendous development of the cinema, the product of the lens, the story that is shipped from theater to theater in a can, be looked for?

Douglas Fairbanks, that whirlwind of the pictures, who appears at the Strand Theatre beginning today in his latest, "The Nut", has a very definite idea of what constitutes the perfect motion picture. He sums up the requirements in the following manner:

"We want to know our neighbors the world over—that the great bulk of Russians, of Italians, of Chinese are persons like ourselves, with simple, homely attributes, persons who have a wholesome pride in worthy achievement, are chagrined when they blunder, angry when they are deceived, jolly in their revelry, who smile when they are pleased and weep when they are sorrowful. We need to see the Chinese woman tender with a sick child to learn that a baby is a baby in all countries; that neighborly kindness means the same in Cairo, Egypt, that it does in Rushville, Ind. And the method of teaching us these things is at our doors. These are the pictures the screen can show us. This is the great mission of the cinema.

"No tedious journeying by land and sea; no mastering of a half dozen strange languages; no dipping in the cold bath of political economy. Just the plain, easy lessons of the two dimensional screen in the comfortable theater of our home town. This is no doctrine I am promulgating. For years we have been saying: 'Motion pictures can raise an army, 'Motion pictures can elect a President'. And we have been satisfied with saying it. It is time to do something, time that the great directors and the world known stars awoke to their responsibility.

"Let them carry their work into Russia, Italy, France. Let them take a much pains to show Russians as they are in Russia, Chinese in China, Spaniards in Spain, as they have heretofore taken to show Americans as they are in America. Let the American boy play in spirit with the little chap in France, the American mother weep in sympathy over the death of a baby in India. Let the tired business man learn that his problems are duplicated in Holland and in Denmark.

"So shall the motion picture directors and actors succeed where the politician has failed, and when this is accomplished we shall then have the perfect motion picture—the one which critics of the cinema have been clamoring for since the inception of this industry."

Turkish authority has never been actually and fully recognized by Arabs.

IN HARD LINES

"I could not work at all and had to take to my bed with a high fever due to intestinal indigestion, gases in my stomach and pain in my right side. I had spent my last cent for doctors and medicine, which gave me no relief. I was in despair. A lodge brother gave me a bottle of Mayr's Wonderful Remedy, and the first dose relieved me. Thanks to this medicine I am now in the best of health." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.—Advertisement.

SINN FEIN NOT BROKEN BY FORCE

Ulster is Beginning its Program for Effecting Home Rule Bill—Situation Unchanged

BILL BASIS OF SETTLEMENT

Fact Remains Sinn Fein Claims to be, and Apparently is Stronger Than 3 Months Ago

By CHAS. McCANN
(U. P. Staff Correspondent)

Dublin, (By Mail)—Sinn Fein has not yet begun to break under the military yoke in Ireland. Theoretically the situation has remained unchanged during the past month.

Ulster is beginning its program for effecting the home rule bill. The bill will be put in operation in December. The first parliament may or may not contain the substantial proportion of Sinn Fein representatives who will be elected, as it has not been decided whether they will pursue their planned obstructive tactics as members or whether they will merely refuse to take the oath of allegiance and leave from sixteen to twenty vacant seats.

There is no home rule talk in the south of Ireland. Practically nothing has been done so far, and Sinn Fein, which for all practical purposes means southern Ireland, anticipates no early activity in behalf of the bill.

Moderate opinion on both sides in the south agrees that if the government is willing to combat the Republican forces with the most intensive sort of martial law and is willing to supply the money and men necessary to effect it, Sinn Fein will be crushed eventually.

The indication is that the home rule bill will be the basis of settlement in the south, provided again that the government carries out its intention of going through with its stern policy. The policy if carried out means the British Empire against Ireland. The result expected is that peace on the home rule bill basis will be one of subjugation instead of negotiation; that Sinn Fein, though in that event it would be crushed, would not be killed. Even government authorities state frankly that it cannot be ended.

The fact remains that Sinn Fein claims to be and apparently is stronger than it was three months ago. There are not enough soldiers in Ireland at present to keep the country under the restraint aimed at by the military authorities. Attacks on military and police are more frequent in almost all sections than they were three months ago. There is only one sign of failure in the Republican army; the now frequently recurring announcement that military surprised a Republican ambush killed one or two rebels. That means the military authorities are being informed of planned ambushes. There is also the big proportion of unsuccessful ambushes.

But, according to impartial observers in the martial law area, repression so far has merely made Sinn Feiners of moderates and even Unionists. Instead of causing disintegration, it has further welded to carry on the biggest revolt Ireland has known.

Ambushes are still possible because there are not enough soldiers to carry out the British program. Patrols are used and these are ambushed. There is every sign, in the increased repressive measures, that the government intends to crush Sinn Fein. But there has been no indication so far of a determination to obtain the soldiers necessary to do it.

BRISTOL—That the clergy live within its income and set an example in restoring pre-war standard of values, was the reason given by Rev. Gustav F. Beckh, for refusing a proffered salary raise of \$250. Beckh was born in San Francisco.

Barber Tells Why He Should Be Mayor

Aurora, Ill., Mar. 22—If diversity of vocation and avocation, if excellence in that which he has attempted, mean anything in this old world of smiles and tears, then Wilson A. Groshans, barber, checker champion, eugenics expert and master scientist will be the next mayor of Aurora.

Four aspire to the executive office—the present mayor, Charles A. Townsend; Colonel Charles Greene, commanding officer of the 129th Infantry, Thirty-third Division; Fred B. Streeter and Groshans.

Groshans hesitated to add politics to his long list of accomplishments, but upon the insistence of his friends he announced his candidacy and in a statement entitled "Who is this man Groshans and what has he ever done?" he tells why Aurora should name him mayor.

Briefly he admits he is:

One of the world's foremost exponents of the grain game, checkers.

Discoverer of the cause of baldness, after failure of the scientific world in centuries of effort.

Publisher of a monograph on converting non-laying hens into layers.

Writer of more original science than any man in the state.

Lecturer in Chicago on heredity and eugenics.

Expert on laws of stock breeding and the fallacy and purpose of the popular evolutionary theory.

Profound student of nature, causing him to shrink from the rabble. (Reason he is not well known.)

Owner of his own home, taxpayer, favors civic betterment, a friend of labor, though not an enemy to capital.

Although a barber experiments with cats, dogs, pigeons, rats, chickens and canaries.

Member of the Kane County board of supervisors and the American Genetic Association.

***** * Headwork Saves Hoeing * *****

(National Garden Bureau)

The main point in getting a good job done is to get away on the right foot, that is to say, with a good, sound working plan so that you will know precisely what you are trying to do. A well-planned garden will double the produce of a haphazard throwing together of seeds into the garden.

There are two essentials in making a garden plan, first of all to see that the plants are planted far enough apart to give plenty of room for cultivation for after the seed is once in the ground, cultivation becomes the main item. This is where more mistakes are made than in any other step of gardening. Except in tiny patches such as 10 by 10 feet, where it is possible to reach almost to the middle from any side without stepping into the planting, too often the rows are so closely crowded in an effort to make the ground grow all it will support that there isn't room to walk along and swing a hoe. One row with hoe room is worth two without hoe room, for that hoe means produce.

Every seed catalogue and even the packets tell how far apart vegetables should be in the row and the distance apart in the rows, and these usually figure on room for cultivation, so when you make your garden plan, keep this question in mind, "Will I have room to hoe?"

Another mistake is to try to imitate somebody else's garden, for you must suit the plants to the situation you have at your command. Printed garden plans are a fine working basis for they are planned for ideal locations. If your plot is in full sun, you might use one of these as a working basis, and altering it to suit your own needs for not all persons wish the same vegetables or the same amount of them. This service will print garden plans from time to time which, while they may be reproduced with success, are offered more as suggestions.

Draw your garden to scale and plot the rows the proper distances apart. It is best to have them run north and south for an equal distribution of sunlight. If for some reason they do not, place the tallest vegetables, such as corn and staked tomatoes at the north side so they will not shade the other vegetables. A little practice and garden planning will be an easy and pleasant task.

In locating your garden plot, if you have any choice, place it in a position where trees, shrubs or buildings may act as a windbreak on the north.

LONDON—That the life of an M. P. was not all honey in the war zone was proved by General Horwood, when he stated at a Provost Marshals dinner, that in 1917 during the British attack at Paschendeale, no fewer than 23 M. P.'s were killed regulating traffic at one cross-roads.

VOTE ON INCORPORATION

People of St. Paul, Ind., to Hold
Election Next Monday

The town of St. Paul, in Shelby county, will hold an election next Monday, at which time the voters will determine whether or not the town will be incorporated. The election will take place in the St. Paul bank, and the polls will be opened from 9 a. m. to 6 p. m. While the majority of the residents of the village signed a petition favoring incorporation, yet several smaller towns in this county and Shelby county will await the outcome with interest, because the election will probably pave the way for others.

On Friday two meetings will be held in St. Paul, at which time the women voters will be addressed by Mrs. Minnie Porter and the men voters by Rollin Turner, both of Greensburg, on subjects pertaining to incorporation.

AVOID THE OPERATING TABLE

DR. OSBORN'S IMPROVED METHODS ARE ABSOLUTELY
HIS OWN AND THERE IS NO GUESSWORK ABOUT IT.
THEY HAVE PROVEN SUCCESSFUL

In the treatment and cure "Without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels, and all other Curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others and this is why I possess such a large practice.

MEN! WOMEN! If you do less than you should, on your farm, at your desk, or in your ship, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected, or unknown conditions, are usually disease of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system which in turn has its influence on the brain. I have made a special study of the Nervous System, and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination **FREE**, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

**Tomorrow May Never Come — Get In
Touch With Me Today**

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving the sufferer in even worse conditions than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

**Dr. Osborn
Self-Adjusting
Rupture
Appliance**

REMEMBER — It required much of my time during the past 21 years, also labor and great expense to perfect this wonderfully simple and effective Appliance and make it possible to assure you relief. Know also that I ask **NO MONEY UNTIL YOU ARE SATISFIED**, as hundreds of others are now.

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof **FREE**.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—**YOU HAVE NOT TRIED DR. OSBORN'S SELF ADJUSTING RUPTURE APPLIANCE**, and you will never be satisfied until you do.

THE SAFE WAY

Have your car examined or overhauled before beginning its regular spring and summer use.

Cars get more or less out of order during the severe winter weather, and do not work as perfectly as they should. This additional wear and strain of the affected parts means increased expense to you if allowed to continue.

Failure to correct these defects has caused the wrecking of many cars. We are fully equipped to take care of any car.
